

*"Keep close to Nature's heart...
And break clear away, once in a while and
climb a mountain or spend a week in the
woods. Wash your spirit clean."*

John Muir 1838-1914

Hirschman's Pond

In the heart of the Gold Country and Sierra Nevada Foothills this 30 lot subdivision is surrounded by 50 acres of open space for future trails that will link to a community trail system.

All parcels have underground utilities, piped treated water, and paved roads. With a beautiful mix of pines, cedars, and madrones, these sunny lots are within walking distance to Hirschman's pond and downtown Nevada City.

A healthy neighborhood that's comprised of natural beauty, recreational opportunities, and convenience to an urban center.
